

What are Early Learning Goals?

The seven areas of learning outlined in the Early Years Curriculum lead into 17 'Early Learning Goals' (ELG).

These ELG's state the government expectation for Reception children at the end of their first year of school. At the end of YR your child's teacher will make a judgement against each early learning goal. Children can be judged as; emerging in the early learning goal or expected in the early learning goal.

The government determines a good level of development to be when a child has met an expected standard for all the goals within PSED (personal, social and emotional development), CL (communication and language), PD (physical development; fine and gross motor skills), Literacy (word reading, comprehension and writing) and Mathematics (number and numerical pattern.) Whilst these end goals are relevant to bear in mind, at Holmer C of E Academy we pride ourselves on developing the whole child. In our EYFS curriculum the characteristics of effective learning underpin all seven areas of learning and development. We focus on processes and acquisition of new skills rather than outcomes. The three characteristics of effective learning are identified as playing and exploring, active learning and creating and thinking critically. Your child will be learning many new skills and we will be working with you on how best to support and help your child to achieve the goals by the end of the year.
