

Homework in Year 2

Holmer C of E Academy

Homework is given out every Friday and expected back in no later than the following Wednesday. You can expect your child's homework to look similar to this each week:

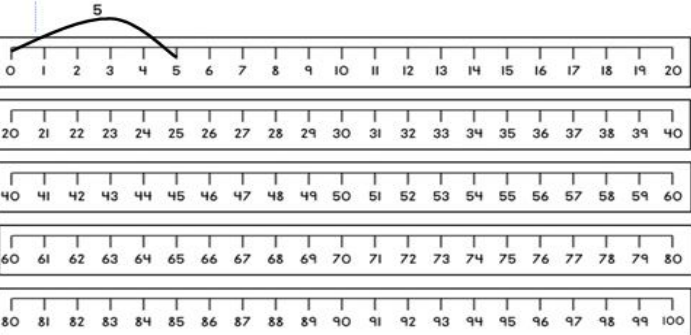

Year 2 Homework:
October.

Remember to log onto TTRS and have a go at practising your times tables!

Parents, please remember to hear your child read 4 times a week and record this in their reading record.

Use the number line to count on in jumps of 5. The first jump has been done for you.

This story is from *The Wrong Kind of Bark* by Julia Donaldson.

The Wrong Kind of Flower

Finlay sat next to the fish tank. He liked watching the fish. They were more interesting than the teacher.

There was a little bridge at the bottom of the fish tank. But the fish never swam under it. Or maybe they did when Finlay wasn't looking.

The big fish was swimming very near the bridge now.

"Go on!" Finlay whispered. "Swim under it!"

The teacher was talking to the class. "Tomorrow, I want you all to bring in a flower for the nature table," she said. "It can be any kind of flower."

1 Why did Finlay like watching the fish?

2 a) What did Finlay want the big fish to do?

b) Finlay **whispered**. Why did Finlay whisper?

3 What did the teacher ask the children to bring in? Tick **one**.

a fish ☐ a flower ☐ a table ☐ a bridge ☐

BIG QUESTION:

Next week's big question is:
Why is it important to tell the truth?

For the Autumn Term, we will focus on times tables and spellings. After Christmas, homework will look like the picture on the left, with a focus on comprehension and times tables.

There are a range of questions to help your child share their newly learnt knowledge with you. Each week, we will value your child's homework and enjoy looking at what they have completed. Please spend no longer than 30 minutes completing it.

As always, reading 4 times a week is also promoted. Your child can also log in to their TTRS account to practise their times tables further. On the homework each week we will also share the following week's big question with you. This can be answered through discussion, or you could write your answer down.
